BACKGROUND

ABOUT

Qualifications Summary: Solid foundation in computer science, with strong competencies in Data Structures, Algorithms, and Complexity Analysis. Gained strong coding skills while working on projects by following Object Oriented Design principles, using Algorithms, and Design Patterns. Adapted clean and effective coding skills while working on projects while being organized and detail oriented. Served as the Scrum Master of two projects and worked collaboratively with the project team by using Git and Agile Methodology (following Software Development lifecycles in collaboration and using best practices) while strategizing and prioritizing effectively to accomplish multiple tasks and stay calm under pressure. Production experience with Java, Android, Web applications, and relational databases. Implemented front-end web applications that carries a high quality user experience. Developed applications while performing Written Communication Skills

WORK EXPERIENCE

Software Engineer, Quinnipiac University

Jan, 2013 - May, 2015 ⌚ 2 years 4 months

Software Development with OOP and Design Patterns following Agile Development Methods

- Tetris Game with Intensive OOP: Created Java game following OOPs; using Design Patterns and UML tools.
- "Humans of New York Pictures" Application: Created Java Application using JDBC
- Tank Wars Game: Worked on this ongoing Java game project following Agile Development Methodology and worked as the Scrum Master of my team. Also used Git and Asana. Made improvements to poorly coded application using OOPs.

Developer Intern, A100-Apprenticeship Program

May, 2014 - Aug, 2014 ⌚ 3 months

Worked with PHP, LAMP, JavaScript, HTML, CSS

- Programmed front-end and back-end with PHP, LAMP, JavaScript
- A100 Website Revamp (2014): Made improvements to the A100 Program website
- A100 Application Form Creation (2014): Programmed form user input validation

Linux

Windows

EDUCATION

Computer Science, Bachelor`s of Science, Quinnipiac University

Jan, 2012 - May, 2015

3.74

Programming & Problem Solving

Data Structures & Abstraction

Computer Architecture & Organization

Algorithm Design & Analysis

Introduction to Software Development

Operating Systems & Systems Programming

Software Engineering Design & Development

Database Systems

AWARDS

Ranked the 742nd among 1.45 million Turkey National University Entrance Exams

Awarded on: Jun 15, 2009

Ranked the 742nd among 1.45 million people, National University Entrance Exams, Turkey, 2009.

1st place www.uschess.org

Awarded on: Jan 01, 2015

Won the 1st place at the 5th Annual Hartford Open Chess Tournament

Dean`s List All Semesters Quinnipiac University

Awarded on: May 15, 2015

Won the 1st place at the 5th Annual Hartford Open Chess Tournament
