Dear Tom Day,

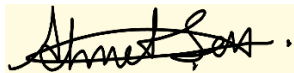

I am writing to express my interest in the position at CBIA, which I learned about through the A100 program. I am completing my degree at Quinnipiac University with a Computer Science degree, and I will only have 1 more class in spring. I currently have a 3.88 GPA.

I am really excited about this opportunity, because I love to work with Microsoft Development Tools. I have experience in writing VBA scripts in Excel and Word; and have applied them successfully to my projects. I also have experience in front-end and back-end development.

I think I would be a good candidate for the opportunity; because I was planning on doing MBA but I did not continue to make sure I have some experience first. I always wanted to use my IT skills in business environment.

I look forward to discussing my qualifications further in person and I can be reached at 203-809-5315 or ahmetshen.us@gmail.com.

Sincerely,
