Dear Hiring Manager ,

This letter is to express my interest in the Entry/Junior Level Software Developer position. Based on my skills in Agile development, Java Object Oriented (OO) programming, with "back end" and "front end" expertise, I am confident that I would be a great addition to your company.

I have completed my Computer Science BS degree at Quinnipiac University with a 3.74 GPA. My resume that highlights my ability/knowledge/expertise in Object Oriented programming skills and Software Development is enclosed. During my time at Quinnipiac University, I worked in projects by following Agile software methodology and served as the Scrum Master of 2 projects. We designed a 2D Java Game following Object Oriented Programming Principles and design patterns. I have also experience with FTP, SFTP communications, and Structured Query Language(SQL).

I am excited about the Entry/Junior Level Software Developer position and the ability to help your company succeed. Thank you in advance for your time. Please do not hesitate to contact me if you have any questions. I would appreciate the opportunity to review my qualifications in more detail. I look forward to discussing my qualifications further in person and I can be reached at +1 724 638 7367 or ahmetshen.us@gmail.com.

Sincerely,

Ahmet Şen
